# We Will Yet Praise

---

Jon Li

*C*                      *Dm7*                      *Am*                      *F*  
In need of mercy, in need of healing, in need of what is true  
*C*                      *Dm7*                      *Am*                      *F*  
In need of saving, in need of miracles, in need of more of You

Every teardrop, every heartbreak, every moment of loss  
Every trial, every heartache, leads us back to the cross

*Am*    *G/B*    *Dm7*  
Revive our souls, ignite a passion let Your glory  
*Am*    *G/B*    *C*                      *Am*  
Shine on us, unfold, through the darkest night  
*G*  
Through the darkest night

*C*                      *G/B*  
We will yet praise You, we will yet praise You  
*Am*                      *F*  
In life and death our praise will overcome  
*C*                      *G/B*  
We will trust in Jesus, He will never leave us  
*Am*                      *F*  
For to live is Christ, to die is gain

You touch the broken, You calm the raging seas  
You raise the dead to life  
Peace to the weary, hope for the hopeless  
Joy in sorrow and strife

Our hope is in You, the Rock of Ages  
We will not be moved  
Strength in our weakness, the Everlasting God  
You will see us through

*Am*                      *G/B*                      *F* (*Dm7*) [3<sup>rd</sup> and 4<sup>th</sup> time]  
To live is Christ, to die is gain (x4)
